WHERE Heaven Met Earth and Stayed Awhile

*In a rare mountain valley,
carved by grace through the Catskills,
is a place they say Heaven Meets Earth.
Here, old mountains feel younger.
Tall trees reach up higher,
and legends you'll hear are the truth.*

*Here, the wind calls to both saints and sinners.
Here, angels are rascals with wings.
When our brewers join in,
wild adventures begin,
and we dance to a great many things.*

*Here, we brew beers to pair with life's mysteries.
To refresh. To reward. To proclaim:
here, our tastes can be grand.
Here, inspired by the land.
Here, we've only got Heaven to blame.*
